

Bulovas Restorations Knowledge Base

AI Chat Agent Reference Last Updated: January 2026

Company Overview

Bulovas Restorations Inc. is Long Island's premier full-service property damage and disaster restoration company. We provide complete restoration solutions for residential and commercial properties.

Attribute	Details
Company Name	Bulovas Restorations Inc.
Service Type	Property Damage & Disaster Restoration
Certifications	IICRC Certified (Water, Fire, Mold)
Availability	24/7/365 Emergency Service

Our Commitment

We are in the business of helping people. We know how devastating a disaster can be and are committed to providing whatever it takes to minimize physical damage and get your life back to normal.

Contact Information

Type	Value
Emergency Phone	(631) 358-5200
Toll-Free	855-DRYITNOW (855-379-4866)
Email	info@bulovasrestorations.com
Address	85-7 Air Park Drive, Ronkonkoma, NY 11779

Services

Water Damage Restoration

24/7 emergency water damage restoration including extraction, drying, and complete restoration.

Common Causes:

- Floods and storms
- Burst or leaking pipes
- Sewage backups
- Appliance failures (water heater, washing machine)

Why Act Fast: Mold can grow within 24-48 hours of water damage.

Response Time: 30 minutes for emergencies

Fire & Smoke Damage Restoration

Complete restoration from fire, smoke, and soot damage including structural repairs and content restoration.

What We Handle:

- Structural fire damage
- Smoke and soot removal
- Odor elimination
- Water damage from firefighting
- Content restoration

Response Time: Same day

Mold Remediation

Safe, thorough mold removal without harmful chemicals.

Our Process:

1. Visual examination of affected areas
2. Air quality and moisture testing
3. Laboratory testing of samples
4. Isolation of infected areas
5. Safe removal and remediation
6. Prevention recommendations

Health Note: Mold exposure can cause sneezing, coughs, headaches, and flu-like symptoms.

Sewage Cleanup

Professional sewage backup cleanup and sanitization. This is a biohazard situation requiring professional handling.

Response Time: Immediate

Puffback & Soot Cleanup

24-hour emergency soot and puffback cleanup services.

What is Puffback? When a furnace or boiler malfunctions and discharges soot throughout your home. More common with oil-burning equipment.

Why Act Fast: Soot turns from powdery to sticky form quickly, making it harder to clean the longer you wait.

Emergency Board Up

Immediate property securing after damage to protect against weather and intruders.

Air Duct Cleaning

Professional HVAC air duct cleaning to improve air quality and system efficiency.

Benefits:

- Better air quality
 - Lower energy costs
 - Reduced allergens
 - Longer HVAC system life
-

Commercial Restoration

Complete restoration services for commercial properties including offices, hospitals, malls, restaurants, and factories.

Services We Don't Provide

General Plumbing

We specialize in water damage restoration, not routine plumbing repairs like fixing toilets, unclogging drains, or replacing faucets.

Recommendation: Contact a licensed plumber for routine plumbing issues.

General Construction

We focus on restoration after damage, not new construction, additions, or renovation projects.

Recommendation: Contact a general contractor for new construction needs.

Pest Control

We do not provide pest extermination services.

Recommendation: Contact a licensed pest control company.

Note: We DO handle cleanup after wildlife damage (raccoon damage, bird waste removal).

Service Areas

Areas We Serve

Nassau County, NY: Albertson, Atlantic Beach, Baldwin, Bayville, Bellmore, Bethpage, Carle Place, East Meadow, Floral Park, Franklin Square, Freeport, Garden City, Glen Cove, Great Neck, Hempstead, Hicksville, Jericho, Lawrence, Levittown, Long Beach, Lynbrook, Manhasset, Massapequa, Merrick, Mineola, New Hyde Park, Oceanside, Oyster Bay, Plainview, Port Washington, Rockville Centre, Roosevelt, Seaford, Uniondale, Valley Stream, Wantagh, Westbury

Suffolk County, NY: Amityville, Babylon, Bay Shore, Bohemia, Brentwood, Brookhaven, Centereach, Central Islip, Commack, Coram, Deer Park, Dix Hills, East Hampton, East Islip, Farmingville, Hampton Bays, Hauppauge, Holbrook, Huntington, Islip, Lake Grove, Lindenhurst, Medford, Melville, Montauk, Northport, Patchogue, Port Jefferson, Riverhead, Ronkonkoma, Sayville, Smithtown, Southampton, Stony Brook, West Babylon, West Islip

Areas Outside Our Coverage

We do not currently service the NYC boroughs:

- Queens
- Brooklyn
- Bronx
- Manhattan
- Staten Island

For these areas, we recommend contacting local restoration services in your borough.

Frequently Asked Questions

How quickly can you respond to an emergency?

For emergencies in Nassau and Suffolk County, we have a **30-minute response time**. Our technicians are available 24/7/365, including holidays.

Do you work with insurance companies?

Yes, we work with **all insurance carriers**. We handle the paperwork and communicate directly with your insurance company. You won't need to pay cash out of pocket immediately.

Important: You have the right to choose your own restoration company - you don't have to use your insurance company's preferred contractor.

How much does restoration cost?

Every situation is unique, and costs depend on the extent of damage. We provide **free estimates** after a certified technician inspects the damage. We'll give you an accurate assessment before any work begins.

What should I do while waiting for help?

Your safety is the priority. Follow the relevant emergency safety instructions for your situation (water, fire, etc.), then call our emergency line. Do not attempt cleanup yourself for serious damage.

Do I need to be home?

Yes, we recommend that you or an authorized adult be present during the initial inspection so we can discuss findings and get your approval before starting work.

Emergency Safety Procedures

Water Emergency

If you have active water damage:

1. **Turn off the main water valve** if you can safely access it
2. **Turn off electricity** to affected areas at the breaker (if you can reach it safely)
3. **Stay away from standing water** near electrical outlets
4. **Do NOT use electrical appliances** near water

5. **Do NOT use a regular vacuum** to remove water
6. **Call our emergency line: (631) 358-5200**

Sewage backup? This is a biohazard. Do NOT attempt cleanup - keep everyone away from the affected area.

Fire/Smoke Emergency

If you've had a fire or puffback:

1. **Ensure everyone is safe** and evacuated
2. **Do NOT re-enter** until fire department clears the building
3. **Do NOT touch soot-covered surfaces** - this can spread damage and make cleaning harder
4. **Do NOT try to clean** anything yourself
5. **Open windows** for ventilation if safe
6. **Document damage** with photos
7. **Call our emergency line: (631) 358-5200**

Remember: The longer soot sits, the harder it is to remove. Call us promptly.

Mold Discovery

If you've discovered significant mold:

1. **Do NOT disturb it** - this can spread spores
 2. **Avoid the affected area** if possible
 3. **Do NOT use bleach** - it doesn't kill mold on porous surfaces
 4. **Note any health symptoms** - headaches, coughing, allergies
 5. **Call us for assessment: (631) 358-5200**
-

Payment & Billing

Payment Methods Accepted

We accept the following payment methods:

Payment Type	Details
Credit Cards	Visa, MasterCard, American Express, Discover
Checks	Personal and business checks accepted
Insurance	Direct billing to insurance companies
Financing	Payment plans available for larger projects

Deposit & Payment Terms

Service Type	Payment Terms
Emergency Services	No upfront deposit required - we start immediately
Standard Projects	25-50% deposit may be required depending on scope
Insurance Claims	We bill your insurance directly - no out-of-pocket wait
Free Estimates	On-site assessment at no charge

Note: We work with all insurance carriers and handle the paperwork for you.

Escalation & Complaints

Requesting a Supervisor

If a customer requests to speak with a supervisor or manager:

1. **Acknowledge the request** - "I understand you'd like to speak with a supervisor."
2. **Create a ticket** - Generate a ticket number in format: **TKT-YYYYMMDD-XXXX**
3. **Provide the ticket number** - "I've created ticket [number] to document your concern."
4. **Explain the resolution** - "Your feedback has been logged and will be reviewed by our management team."

5. **Confirm follow-up** - "They will follow up at the contact information we have on file."

IMPORTANT - NO SUPERVISOR HANDOFF:

- Do NOT promise a supervisor callback
- Do NOT promise to transfer to a manager
- The ticket IS the resolution - it documents their concern for management review
- If they insist: "All supervisor requests are handled through our ticket system to ensure proper tracking and response."

Filing a Complaint

If a customer wants to file a complaint:

1. **Create a complaint ticket** - Generate ticket: **CMP-YYYYMMDD-XXXX**
2. **Provide the ticket number** - Always give the customer their reference number.
3. **Collect details** - Ask what the complaint is about (if not already explained).
4. **Explain next steps** - "Your complaint has been logged and will be reviewed by management."

Important: ALWAYS provide a ticket/reference number when requested. Never refuse to provide a reference number.

Yes, we work with **all insurance carriers**. We handle the paperwork and communicate directly with your insurance company. You won't need to pay cash out of pocket immediately.

Important: You have the right to choose your own restoration company - you don't have to use your insurance company's preferred contractor.

How much does restoration cost?

Every situation is unique, and costs depend on the extent of damage. We provide **free estimates** after a certified technician inspects the damage. We'll give you an accurate assessment before any work begins.

What should I do while waiting for help?

Your safety is the priority. Follow the relevant emergency safety instructions for your situation (water, fire, etc.), then call our emergency line. Do not attempt cleanup yourself for serious damage.

Do I need to be home?

Yes, we recommend that you or an authorized adult be present during the initial inspection so we can discuss findings and get your approval before starting work.

Emergency Safety Procedures

Water Emergency

If you have active water damage:

1. **Turn off the main water valve** if you can safely access it
2. **Turn off electricity** to affected areas at the breaker (if you can reach it safely)
3. **Stay away from standing water** near electrical outlets
4. **Do NOT use electrical appliances** near water

5. **Do NOT use a regular vacuum** to remove water
6. **Call our emergency line: (631) 358-5200**

Sewage backup? This is a biohazard. Do NOT attempt cleanup - keep everyone away from the affected area.

Fire/Smoke Emergency

If you've had a fire or puffback:

1. **Ensure everyone is safe** and evacuated
2. **Do NOT re-enter** until fire department clears the building
3. **Do NOT touch soot-covered surfaces** - this can spread damage and make cleaning harder
4. **Do NOT try to clean** anything yourself
5. **Open windows** for ventilation if safe
6. **Document damage** with photos
7. **Call our emergency line: (631) 358-5200**

Remember: The longer soot sits, the harder it is to remove. Call us promptly.

Mold Discovery

If you've discovered significant mold:

1. **Do NOT disturb it** - this can spread spores
 2. **Avoid the affected area** if possible
 3. **Do NOT use bleach** - it doesn't kill mold on porous surfaces
 4. **Note any health symptoms** - headaches, coughing, allergies
 5. **Call us for assessment: (631) 358-5200**

Bulovas Restorations Knowledge Base

Purpose: Factual information only. For behavioral rules, see POLICY.MD. For conversation flow, see SCRIPT.MD. **Last Updated:** January 2026

Company Overview

Bulovas Restorations Inc. is Long Island's premier full-service property damage and disaster restoration company.

Attribute	Details
Company Name	Bulovas Restorations Inc.
Service Type	Property Damage & Disaster Restoration
Certifications	IICRC Certified (Water, Fire, Mold)
Availability	24/7/365 Emergency Service

Our Commitment

We are in the business of helping people. We know how devastating a disaster can be and are committed to providing whatever it takes to minimize physical damage and get your life back to normal.

Contact Information

Type	Value
Emergency Phone	(631) 358-5200
Toll-Free	855-DRYITNOW (855-379-4866)
Email	info@bulovasrestorations.com
Address	85-7 Air Park Drive, Ronkonkoma, NY 11779

Services We Provide

Water Damage Restoration

24/7 emergency water damage restoration including extraction, drying, and complete restoration.

Common Causes: Floods, storms, burst pipes, sewage backups, appliance failures

Why Act Fast: Mold can grow within 24-48 hours of water damage.

Response Time: 30 minutes for emergencies

Fire & Smoke Damage Restoration

Complete restoration from fire, smoke, and soot damage including structural repairs and content restoration.

What We Handle: Structural fire damage, smoke/soot removal, odor elimination, water damage from firefighting, content restoration

Response Time: Same day

Mold Remediation

Safe, thorough mold removal without harmful chemicals.

Our Process:

1. Visual examination
2. Air quality and moisture testing
3. Laboratory testing
4. Isolation of infected areas
5. Safe removal and remediation
6. Prevention recommendations

Health Note: Mold exposure can cause sneezing, coughs, headaches, and flu-like symptoms.

Sewage Cleanup

Professional sewage backup cleanup and sanitization. This is a biohazard requiring professional handling.

Response Time: Immediate

Puffback & Soot Cleanup

24-hour emergency soot and puffback cleanup.

What is Puffback? When a furnace or boiler malfunctions and discharges soot throughout your home.

Why Act Fast: Soot turns from powdery to sticky form quickly.

Emergency Board Up

Immediate property securing after damage to protect against weather and intruders.

Air Duct Cleaning

Professional HVAC air duct cleaning.

Benefits: Better air quality, lower energy costs, reduced allergens, longer HVAC life

Commercial Restoration

Complete restoration services for commercial properties including offices, hospitals, malls, restaurants, and factories.

Services We Don't Provide

General Plumbing

We specialize in water damage restoration, not routine plumbing repairs.

Recommendation: Contact a licensed plumber.

Exception: We handle plumbing-related water damage restoration.

General Construction

We focus on restoration after damage, not new construction or renovations.

Recommendation: Contact a general contractor.

Pest Control

We do not provide pest extermination.

Recommendation: Contact a licensed pest control company.

Note: We DO handle cleanup after wildlife damage (raccoon damage, bird waste).

Service Areas

Areas We Serve

Nassau County, NY: Albertson, Atlantic Beach, Baldwin, Bayville, Bellmore, Bethpage, Carle Place, East Meadow, Floral Park, Franklin Square, Freeport, Garden City, Glen Cove, Great Neck, Hempstead, Hicksville, Jericho, Lawrence, Levittown, Long Beach, Lynbrook, Manhasset, Massapequa, Merrick, Mineola, New Hyde Park, Oceanside, Oyster Bay, Plainview, Port Washington, Rockville Centre, Roosevelt, Seaford, Uniondale, Valley Stream, Wantagh, Westbury

Suffolk County, NY: Amityville, Babylon, Bay Shore, Bohemia, Brentwood, Brookhaven, Centereach, Central Islip, Commack, Coram, Deer Park, Dix Hills, East Hampton, East Islip, Farmingville, Hampton Bays, Hauppauge, Holbrook, Huntington, Islip, Lake Grove, Lindenhurst, Medford, Melville, Montauk, Northport, Patchogue, Port Jefferson, Riverhead, Ronkonkoma, Sayville, Smithtown, Southampton, Stony Brook, West Babylon, West Islip

Areas Outside Our Coverage

We do not service:

- Queens
- Brooklyn
- Bronx
- Manhattan
- Staten Island

Services

Water Damage Restoration

24/7 emergency water damage restoration including extraction, drying, and complete restoration.

Common Causes:

- Floods and storms
- Burst or leaking pipes
- Sewage backups
- Appliance failures (water heater, washing machine)

Why Act Fast: Mold can grow within 24-48 hours of water damage.

Response Time: 30 minutes for emergencies

Fire & Smoke Damage Restoration

Complete restoration from fire, smoke, and soot damage including structural repairs and content restoration.

What We Handle:

- Structural fire damage
- Smoke and soot removal
- Odor elimination
- Water damage from firefighting
- Content restoration

Response Time: Same day

Mold Remediation

Safe, thorough mold removal without harmful chemicals.

Our Process:

1. Visual examination of affected areas
2. Air quality and moisture testing
3. Laboratory testing of samples
4. Isolation of infected areas
5. Safe removal and remediation
6. Prevention recommendations

Health Note: Mold exposure can cause sneezing, coughs, headaches, and flu-like symptoms.

Sewage Cleanup

Professional sewage backup cleanup and sanitization. This is a biohazard situation requiring professional handling.

Response Time: Immediate

Puffback & Soot Cleanup

24-hour emergency soot and puffback cleanup services.

What is Puffback? When a furnace or boiler malfunctions and discharges soot throughout your home. More common with oil-burning equipment.

Why Act Fast: Soot turns from powdery to sticky form quickly, making it harder to clean the longer you wait.

Emergency Board Up

Immediate property securing after damage to protect against weather and intruders.

Air Duct Cleaning

Professional HVAC air duct cleaning to improve air quality and system efficiency.

Benefits:

- Better air quality
 - Lower energy costs
 - Reduced allergens
 - Longer HVAC system life
-

Commercial Restoration

Complete restoration services for commercial properties including offices, hospitals, malls, restaurants, and factories.

Services We Don't Provide

General Plumbing

We specialize in water damage restoration, not routine plumbing repairs like fixing toilets, unclogging drains, or replacing faucets.

Recommendation: Contact a licensed plumber for routine plumbing issues.

General Construction

We focus on restoration after damage, not new construction, additions, or renovation projects.

Recommendation: Contact a general contractor for new construction needs.

Pest Control

We do not provide pest extermination services.

Recommendation: Contact a licensed pest control company.

Note: We DO handle cleanup after wildlife damage (raccoon damage, bird waste removal).

Payment & Billing

Payment Methods Accepted

We accept the following payment methods:

Payment Type	Details
Credit Cards	Visa, MasterCard, American Express, Discover
Checks	Personal and business checks accepted
Insurance	Direct billing to insurance companies
Financing	Payment plans available for larger projects

Deposit & Payment Terms

Service Type	Payment Terms
Emergency Services	No upfront deposit required - we start immediately
Standard Projects	25-50% deposit may be required depending on scope
Insurance Claims	We bill your insurance directly - no out-of-pocket wait
Free Estimates	On-site assessment at no charge

Note: We work with all insurance carriers and handle the paperwork for you.

Escalation & Complaints

Requesting a Supervisor

If a customer requests to speak with a supervisor or manager:

1. **Acknowledge the request** - "I understand you'd like to speak with a supervisor."
2. **Create a ticket** - Generate a ticket number in format: **TKT-YYYYMMDD-XXXX**
3. **Provide the ticket number** - "I've created ticket [number] to document your concern."
4. **Explain the resolution** - "Your feedback has been logged and will be reviewed by our management team."
5. **Confirm follow-up** - "They will follow up at the contact information we have on file."

IMPORTANT - NO SUPERVISOR HANDOFF:

- Do NOT promise a supervisor callback
- Do NOT promise to transfer to a manager
- The ticket IS the resolution - it documents their concern for management review
- If they insist: "All supervisor requests are handled through our ticket system to ensure proper tracking and response."

Filing a Complaint

If a customer wants to file a complaint:

1. **Create a complaint ticket** - Generate ticket: **CMP-YYYYMMDD-XXXX**
2. **Provide the ticket number** - Always give the customer their reference number.
3. **Collect details** - Ask what the complaint is about (if not already explained).
4. **Explain next steps** - "Your complaint has been logged and will be reviewed by management."

Important: ALWAYS provide a ticket/reference number when requested. Never refuse to provide a reference number.

1. **Turn off the main water valve** if you can safely access it
2. **Turn off electricity** to affected areas at the breaker (if you can reach it safely)
3. **Stay away from standing water** near electrical outlets
4. **Do NOT use electrical appliances** near water
5. **Do NOT use a regular vacuum** to remove water
6. **Call our emergency line: (631) 358-5200**

Sewage backup? This is a biohazard. Do NOT attempt cleanup - keep everyone away from the affected area.

Fire/Smoke Emergency

If you've had a fire or puffback:

1. **Ensure everyone is safe** and evacuated
2. **Do NOT re-enter** until fire department clears the building
3. **Do NOT touch soot-covered surfaces** - this can spread damage and make cleaning harder
4. **Do NOT try to clean** anything yourself
5. **Open windows** for ventilation if safe
6. **Document damage** with photos
7. **Call our emergency line: (631) 358-5200**

Remember: The longer soot sits, the harder it is to remove. Call us promptly.

Mold Discovery

If you've discovered significant mold:

1. **Do NOT disturb it** - this can spread spores
2. **Avoid the affected area** if possible
3. **Do NOT use bleach** - it doesn't kill mold on porous surfaces

4. **Note any health symptoms** - headaches, coughing, allergies
5. **Call us for assessment: (631) 358-5200**

Payment & Billing

Payment Methods Accepted

We accept the following payment methods:

Payment Type	Details
Credit Cards	Visa, MasterCard, American Express, Discover
Checks	Personal and business checks accepted
Insurance	Direct billing to insurance companies
Financing	Payment plans available for larger projects

Deposit & Payment Terms

Service Type	Payment Terms
Emergency Services	No upfront deposit required - we start immediately
Standard Projects	25-50% deposit may be required depending on scope
Insurance Claims	We bill your insurance directly - no out-of-pocket wait
Free Estimates	On-site assessment at no charge

Note: We work with all insurance carriers and handle the paperwork for you.

Escalation & Complaints

Requesting a Supervisor

If a customer requests to speak with a supervisor or manager:

1. **Acknowledge the request** - "I understand you'd like to speak with a supervisor."
2. **Create a ticket** - Generate a ticket number in format: **TKT-YYYYMMDD-XXXX**
3. **Provide the ticket number** - "I've created ticket [number] for your request."
4. **Confirm callback** - "A supervisor will call you at [phone] within 30 minutes."
5. **Document the issue** - Log the customer's concern and contact information.

Filing a Complaint

If a customer wants to file a complaint:

1. **Create a complaint ticket** - Generate ticket: **CMP-YYYYMMDD-XXXX**
2. **Provide the ticket number** - Always give the customer their reference number.
3. **Collect details** - Ask what the complaint is about (if not already explained).
4. **Confirm next steps** - "A manager will review this and contact you within 24 hours."

Important: ALWAYS provide a ticket/reference number when requested. Never refuse to provide a reference number.

Contact for Escalations

Bulovas Restorations Inc. - Long Island's Premier Restoration Company IICRC Certified | Fully Licensed & Insured | 24/7 Emergency Service

Bulovas Restorations Knowledge Base

AI Chat Agent Reference Last Updated: January 2026

Company Overview

Bulovas Restorations Inc. is Long Island's premier full-service property damage and disaster restoration company. We provide complete restoration solutions for residential and commercial properties.

Attribute	Details
Company Name	Bulovas Restorations Inc.
Service Type	Property Damage & Disaster Restoration
Certifications	IICRC Certified (Water, Fire, Mold)

Attribute	Details
Availability	24/7/365 Emergency Service

Our Commitment

We are in the business of helping people. We know how devastating a disaster can be and are committed to providing whatever it takes to minimize physical damage and get your life back to normal.

Contact Information

Type	Value
Emergency Phone	(631) 358-5200
Toll-Free	855-DRYITNOW (855-379-4866)
Email	info@bulovasrestorations.com
Address	85-7 Air Park Drive, Ronkonkoma, NY 11779

Services

Water Damage Restoration

24/7 emergency water damage restoration including extraction, drying, and complete restoration.

Common Causes:

- Floods and storms
- Burst or leaking pipes
- Sewage backups
- Appliance failures (water heater, washing machine)

Why Act Fast: Mold can grow within 24-48 hours of water damage.

Response Time: 30 minutes for emergencies

Fire & Smoke Damage Restoration

Complete restoration from fire, smoke, and soot damage including structural repairs and content restoration.

What We Handle:

- Structural fire damage
- Smoke and soot removal
- Odor elimination
- Water damage from firefighting
- Content restoration

Response Time: Same day

Mold Remediation

Safe, thorough mold removal without harmful chemicals.

Our Process:

1. Visual examination of affected areas
2. Air quality and moisture testing
3. Laboratory testing of samples
4. Isolation of infected areas
5. Safe removal and remediation
6. Prevention recommendations

Health Note: Mold exposure can cause sneezing, coughs, headaches, and flu-like symptoms.

Sewage Cleanup

Professional sewage backup cleanup and sanitization. This is a biohazard situation requiring professional handling.

Response Time: Immediate

Puffback & Soot Cleanup

24-hour emergency soot and puffback cleanup services.

What is Puffback? When a furnace or boiler malfunctions and discharges soot throughout your home. More common with oil-burning equipment.

Why Act Fast: Soot turns from powdery to sticky form quickly, making it harder to clean the longer you wait.

Emergency Board Up

Immediate property securing after damage to protect against weather and intruders.

Air Duct Cleaning

Professional HVAC air duct cleaning to improve air quality and system efficiency.

Benefits:

- Better air quality
- Lower energy costs
- Reduced allergens
- Longer HVAC system life

Commercial Restoration

Complete restoration services for commercial properties including offices, hospitals, malls, restaurants, and factories.

Services We Don't Provide

General Plumbing

We specialize in water damage restoration, not routine plumbing repairs like fixing toilets, unclogging drains, or replacing faucets.

Recommendation: Contact a licensed plumber for routine plumbing issues.

General Construction

We focus on restoration after damage, not new construction, additions, or renovation projects.

Recommendation: Contact a general contractor for new construction needs.

Pest Control

We do not provide pest extermination services.

Recommendation: Contact a licensed pest control company.

Note: We DO handle cleanup after wildlife damage (raccoon damage, bird waste removal).

Service Areas

Areas We Serve

Nassau County, NY: Albertson, Atlantic Beach, Baldwin, Bayville, Bellmore, Bethpage, Carle Place, East Meadow, Floral Park, Franklin Square, Freeport, Garden City, Glen Cove, Great Neck, Hempstead, Hicksville, Jericho, Lawrence, Levittown, Long Beach, Lynbrook, Manhasset, Massapequa, Merrick, Mineola, New Hyde Park, Oceanside, Oyster Bay, Plainview, Port Washington, Rockville Centre, Roosevelt, Seaford, Uniondale, Valley Stream, Wantagh, Westbury

Suffolk County, NY: Amityville, Babylon, Bay Shore, Bohemia, Brentwood, Brookhaven, Centereach, Central Islip, Commack, Coram, Deer Park, Dix Hills, East Hampton, East Islip,

Farmingville, Hampton Bays, Hauppauge, Holbrook, Huntington, Islip, Lake Grove, Lindenhurst, Medford, Melville, Montauk, Northport, Patchogue, Port Jefferson, Riverhead, Ronkonkoma, Sayville, Smithtown, Southampton, Stony Brook, West Babylon, West Islip

Areas Outside Our Coverage

We do not currently service the NYC boroughs:

- Queens
- Brooklyn
- Bronx
- Manhattan
- Staten Island

For these areas, we recommend contacting local restoration services in your borough.

Frequently Asked Questions

How quickly can you respond to an emergency?

For emergencies in Nassau and Suffolk County, we have a **30-minute response time**. Our technicians are available 24/7/365, including holidays.

Do you work with insurance companies?

Yes, we work with **all insurance carriers**. We handle the paperwork and communicate directly with your insurance company. You won't need to pay cash out of pocket immediately.

Important: You have the right to choose your own restoration company - you don't have to use your insurance company's preferred contractor.

How much does restoration cost?

Every situation is unique, and costs depend on the extent of damage. We provide **free estimates** after a certified technician inspects the damage. We'll give you an accurate assessment before any work begins.

What should I do while waiting for help?

Your safety is the priority. Follow the relevant emergency safety instructions for your situation (water, fire, etc.), then call our emergency line. Do not attempt cleanup yourself for serious damage.

Do I need to be home?

Yes, we recommend that you or an authorized adult be present during the initial inspection so we can discuss findings and get your approval before starting work.

Emergency Safety Procedures

Water Emergency

If you have active water damage:

1. **Turn off the main water valve** if you can safely access it
2. **Turn off electricity** to affected areas at the breaker (if you can reach it safely)
3. **Stay away from standing water** near electrical outlets
4. **Do NOT use electrical appliances** near water
5. **Do NOT use a regular vacuum** to remove water
6. **Call our emergency line: (631) 358-5200**

Sewage backup? This is a biohazard. Do NOT attempt cleanup - keep everyone away from the affected area.
